

# THE ARAB PEOPLE'S REVOLT: A NIGHT OF SOLIDARITY AND DISCUSSION

In 2011, Arab countries have exploded with mass popular movements that have had radical, and indeed revolutionary results. In Tunisia and Egypt, longtime U.S.-sponsored dictators have fallen, while protests rock Jordan, Algeria, Yemen and occupied Palestine. This unprecedented revolt has provided new hope for a movement to liberate Palestine and the whole Arab world. Join us to discuss:

- + What is the role of workers in the Arab revolt? +What are the challenges yet to come?
- +What do these changes mean for Palestine and the Arab world?
- + What do they mean for people in the U.S. and around the world?
- +How can we organize to provide solidarity and support?+ and much more!
