MILITARY TRIALS IN EGYPT

EGYPT'S REVOLUTION IS UNDER ATTACK. Egyptian activists have requested our support and solidarity in fighting the court-martialing of civilians in Egypt and the subjection of Egyptians to Military trials. We, NYC area activists, are rallying to meet this call to defend the Egyptian revolution.

We ask you to join us in front of the Egyptian Embassy on November 12th and again on November 19th, to show our anger at the unjust treatment of activists in Egypt! Egypt's revolution has inspired our movements - let us respond to the call of the voices of Tahrir Square: "Our strength is in our shared struggle. If they stifle our resistance, the 1% will win - in Cairo, New York, London, Rome - everywhere. But while the revolution lives our imaginations knows no bounds. We can still create a world worth living. You can help us defend our revolution.... The bullets they kill us with are made in America. The tear gas that burns from Oakland to Palestine is made in Wyoming....These are only a few examples. People's lives, freedoms and futures must stop being trafficked for strategic assets."
