

**SUPPORT PALESTINIAN WORKERS
PICKET APARTHEID!
Tell U.S. Labor Officials!
Workers Demand You:**

**DUMP ISRAEL
BONDS!**

A red circle with a diagonal slash is superimposed over a document titled "STATE OF ISRAEL". The document appears to be a bond or certificate of investment, with various text and a seal at the bottom.

Israel Bonds are an investment in apartheid - and U.S. unions have invested billions of U.S. workers' retirement and pension dollars in Israeli apartheid bonds. Palestinian workers and labor unions, facing siege, invasion, and occupation, have called upon the international labor movement to DIVEST FROM ISRAEL BONDS. Tell labor officials Stuart Appelbaum and Denis Hughes to STOP INVESTING IN APARTHEID. JOIN THE PICKET LINE:
